**Applicable Law**

The board may require any licensee, as a condition of renewal, to submit with the application for renewal evidence of satisfactory completion of a program of continuing education required by rules and regulations of the board.

11. K.A.R. 100-73-7 states in pertinent part:

(a) As a condition of license renewal, each licensed radiologic technologist shall certify, on the form provided with the license renewal application, that, during the 12-month period immediately preceding the license expiration date, the person completed at least 12 credits of continuing education.

(d) Each person who certifies completion of continuing education shall, for at least three years following the date of certification, maintain documentation of completion that shall include one of the following:

(3) a notarized certificate of current registration with the American registry of radiologic technologists or the nuclear medicine technology certification board.

(e) Within 30 days following a written request by the board to a licensee, the licensee shall provide the board with proof of completion of continuing education as specified in the regulation.

12. K.S.A. 65-7313 of the Kansas Radiologic Technologists Practice Act states in

pertinent part:

(a) The license of a radiologic technologist may be limited, suspended or revoked, or the licensee may be censured, reprimanded, fined pursuant to K.S.A. 65-2863a, and amendments thereto, or otherwise sanctioned by the board ... denied if it is found that the licensee ... :

13. K.A.R. 100-73-6 states in pertinent part:

“Unprofessional conduct” shall mean the commission of any of the following by ... a licensee:

(c) failing to furnish to the board, or to its investigators or representatives, any information legally requested by the board;

(k) violating any provision of these regulations or any provision of the radiologic technologists practice act and amendments thereto.

14. K.S.A. 65-2863a(a) of the Kansas Healing Arts Act states in

pertinent part:

The state board of healing arts ...may assess a civil fine, after proper notice and an opportunity to be heard, against a licensee for violation of the Kansas healing arts act in an amount not to exceed \$5,000 for the first violation ...

#### **Conclusions of Law**

15. The Board has jurisdiction over Licensee as well as the subject matter of this proceeding, and such proceeding is held in the public interest.

16. The Board finds that Licensee violated K.S.A. 65-7313(a)(1) in that Licensee is guilty of fraud or deceit in the procurement or holding of a license when she certified she

completed at least twelve (12) continuing education hours for renewal of his license to practice as a radiological technologist, when in fact she did not complete the minimum requirement.

17. Further, the Board finds that Licensee violated K.S.A. 65-7313(a)(8) in that Licensee committed unprofessional conduct when she failed to comply with K.S.A. 65-7307(c) and K.A.R. 100-73-7 that requires Licensee to submit evidence of satisfactory completion of a program of continuing education by the Board.

18. In addition, the Board finds that Licensee violated K.S.A. 65-7313(a)(8) in that Licensee committed unprofessional conduct. Specifically, Licensee violated K.A.R. 100-73-7(a) by certifying she completed at least twelve (12) continuing education hours for renewal of her license to practice as a radiological technologist, when in fact she did not complete the minimum requirement, therefore a violation of a lawful rule and regulation promulgated by the Board.

19. Furthermore, the Board finds that Licensee violated K.S.A. 65-7313(a)(8) and K.A.R. 100-73-6(c) in that Licensee failed to furnish the Board representative the legally requested information, specifically the proof of her completion of at least twelve (12) continuing education hours to the Board.

20. Based on the facts and circumstances set forth herein, it appears that the use of summary proceedings in this matter is appropriate, in accordance with the provisions set forth in K.S.A. 77-537(a), in that the use of summary proceedings does not violate any provision of the law and the protection of the public interest does not require the Board to give notice and opportunity to participate to persons other than Licensee, Chalise Morton, L.R.T.

**IT IS, THEREFORE, ORDERED** that Licensee is hereby **INDEFINITELY SUSPENDED** for Licensee's violations of the Radiologic Technologists Practice Act. Licensee shall be Indefinitely Suspended until such time as she provides to the Board proof of successful

completion of the twelve (12) continuing education hours as required pursuant to K.S.A. 65-7307(c), as further defined in K.A.R. 100-73-7(a).

**IT IS FURTHER ORDERED** that Licensee shall complete an additional twelve (12) continuing education hours in addition to the aforementioned twelve (12) continuing education hours, for a total of twenty-four (24) continuing education hours for Licensee's violations of the Radiologic Technologists Practice Act. Licensee shall complete these additional hours and provide to the Board proof of successful completion of these hours on or before August 15, 2014.

**IT IS FURTHER ORDERED** that Licensee is hereby assessed a **CIVIL FINE** in the amount of \$100.00 for violation of the Radiologic Technologists Practice Act.

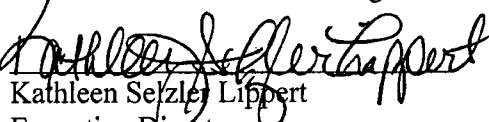

21. The total amount of \$100.00 shall be due on or before August 15, 2014.

22. Licensee shall make all payments payable to the Kansas State Board of Healing Arts. All payments shall be in the form of check or money order, and Licensee shall send all payments to the attention of: Licensing Audit Coordinator, Kansas State Board of Healing Arts, 800 SW Jackson, Lower Level-Suite A, Topeka, Kansas 66612.

**PLEASE TAKE NOTICE** that upon becoming effective as a Final Order, this document shall be deemed a public record and be reported to any reporting entities authorized to receive such disclosure.

Dated this 19 day of May, 2014.
